

LIGHTS TO BE  
REPAIRED AT THE  
SPIRES

Council to pay cost of Light Repairs  
Having campaigning for years, as the local  
councillor, the officials of Louth County Coun-  
cil have finally agreed to fund the repair and  
replacement of all the Public Lights at The  
Spires Termonfeekin. Airtricity are to com-  
plete this work early in the new year.

The Safety Measures at Beaulieu & Newtown-  
stalaban Cross are now complete and have  
been widely welcomed by road users. This is  
the 4th time that I have been successful in  
having improvement works carried out at  
these two dangerous junction over the last 14  
years.

New Sheetlend Road  
footpath and improve-  
ment works complete

## THE SPIRES TO BE LIT AGAIN

**Sheetland Road before major upgrade**

Dear Resident,

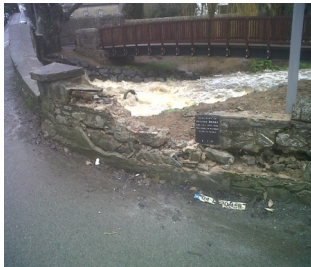

After years of campaigning on

your behalf to have the lights repaired within

the Spires estate, the officials of Louth County Council have finally relented and agreed to release the funds required to replace all of the lights. The cost to the council is in the region of 3,000Euro. When Airtricity carried out a recent survey to give a quotation for the repair of the lights to the council it was discovered that the fittings were sub standard and did not conform to current regulations. An attempt to replace the bulbs, they said, would only be a futile exercise. When repaired, early in the new year, 2013, a request can be submitted to have the lights taken in charge. Which means the lights will be repaired when necessary in future. The new bulbs should last for at least 2 years.

## COUNCIL AGREE TO HOLD PLEBACITE TO TAKE THE SPIRES IN CHARGE

The Council have continuously informed me over the years that the only option for the taking in charge or The Spires, in Termonfeckin is for the house owners to apply for a plebiscite. The Spires, Termonfeckin, developer was Lavelle and McAlinden who are now out of Business. They did not apply for the County Council to Take the Estate in Charge. Therefore the County Council have no information on the condition of the roads or services. The paper bond has expired. Many of the home owners did sign a petition asking the council to look after the estate by taking it in charge. The Council officials will be in contact

**Damage caused to the stonework at Termonfeckin Bridge now fully repaired**

with the home owners in the new year outlining what the next step will be.. Should I receive any other information regarding the above I will contact you as soon as possible. Please contact me if you need clarification on any of the above , or any other matter. Wishing you a very happy Christmas Regards,

I will be holding advice centers / clinics at the following dates and times.

**Last Thursday of each month—27th Dec**

Waterside Termonfeckin 6.00pm

Monasterboice Inn 7.00pm

**Saturday** 29th Dec

Sharkey's Lounge Clogherhead 3.00pm

Fas Office Togher 4.00pm

Feel free to come along and receive advice on housing, social welfare, roads, planning, medical requirements, grants, education, water, sewerage etc..
